BACK TO THE CAR SHOW

Welcome to the 9th Annual Spokane Speed & Custom Show! Hard to believe it's been nine years already. In nine years this show has grown from 180 entries to over 400, and now uses every available building at the Spokane Fairgrounds!

The Spokane Speed and Custom Show is currently the largest, ALL Indoor custom car show in Washington state, filling nine buildings! Huge Thank You to the car owners, the Sponsors, the volunteers and to you for being here for the show. Without all the support, we would not have an Indoor show in Spokane! Spokane is also where the West Coast Challenge started. The West Coast Challenge is sponsored by ARP, and for the 2025 season, the Challenge is growing, adding Medford Oregon to the list of show. This is a car show series including five other West Coast car shows; the Grand National Roadster Show in Pomona CA, the Portland Roadster Show, Spokane Speed and Custom Show, Medford OR Rod and Custom show and the Sacramento Autorama. This challenge brings cars from up and down the West Coast and Canada to each of these shows to compete for a significant cash prize! Be sure to look for the West Coast Challenge flags displayed with the cars. This year we have entries from all over the states of Washington, Idaho, Oregon, Montana, Utah, California, Nevada and even one from Wyoming! Let's not forget our friends to the North with several entries from Alberta and British Columbia. Check out some of the vendors, there will be several new vendors here in Spokane for the first time.

While the cars are the stars of the show, we will be visited by some celebrities! How about Rob Wolfe from the hit TV show American Pickers! Rob will be here all day Saturday to talk everything Vintage! Very knowledgeable, and an all around nice guy. All weekend we'll also have some legendary car builders to meet in person. Bill Ganahl and some of his team from South City Rod and Customs will be here with three of their newest builds. They will be here all three days of the show. Most consider Scott Sullivan as the creator of the Pro Street movement back in the mid '80s, he will be here Saturday and Sunday to meet and talk in person. And, he's still actively building cars! One of the nicest, most humble, and extremely talented builders, Dave Lane of the Fast Lane Speed Shop has built some of the most detailed hot rods around for years! Dave is now enjoying his well earned retirement, but loves to talk cars and is still involved in Many levels of the industry. Dave will be at the show Saturday and Sunday.

Two events at the show worth seeing are NitroFest, which will take place three times throughout the weekend. We will roll up the doors and push out a few Nitromethane burning race cars: an experience you must see, smell and feel when these monsters start up! The times for this event are Friday at 6pm, Saturday at 12pm & 6pm. Another couple of areas to be sure to see, is the Vintage BMX bike display, the Vintage bike display, & the model car contest, all have been crowd favorites.

On top of our amazing selection of cars, there will be vintage camp trailers, race cars, car club group displays and don't miss the entries in Survivor Alley. Be sure to check out the vendors as well! So many things to see in the three days of the show! Make sure to take a look through each building & enjoy the 9th Annual Spokane Speed & Custom Show! Thank you to my family, all the volunteers, show sponsors, vehicle owners, and those coming to the show! Without everyone this show would not have been. Enjoy the show!

WEST COAST CHALLENGE

For the 2025 show season, we have added the Rod and Custom show in Medford, Oregon. Show entries that participate in each of these shows, will be eligible at the last show (Sacramento Autorama), to compete for some serious prize money.

Here are the payouts:

1st- \$12,500 2nd- \$6,500 3rd- \$3,500

In order to qualify for the prize money, you must attend 4 out of the 5 shows...that's it! This is open to any class you compete in: Restored, Custom, Truck, Street Machine, or Rod. Once at the Sacramento show, your entries will compete against any in your said class, the winners there then go up against other class winners to determine the Best entries that made all four shows.

Each show is professionally classified and judged. Your classification will not change while you go from show to show, however your competition might along the way!

Special Thanks to ARP for helping with sponsoring the West Coast Challenge! Contact any of the shows for more information!

SPOKANE CUP AWARD

Sponsored by
Automotive Racing Products

\$5000 Spokane Cup Award now Sponsored by Automotive Racing Products (ARP).

We are very proud to announce that the 2025 Spokane Cup is sponsored by Automotive Racing Products (ARP). We are humbled and honored that ARP believes so much in the Spokane Speed & Custom Show to sponsor this award to the tune of \$5000!

The Spokane Cup is awarded to the Best Overall Entry in the Show and the vehicle has to be a First Time Shown entry.

If you ever need any fastener issue figured out, make sure you contact ARP. Whether it be special length, thread pitch, chrome, stainless, black anodized or any other special fastener for your project, keep ARP in mind, they have absolutely the best fasteners in the business!

BILL GANAHL

WWW.SOUTHCITYRODANDCUSTOM.COM

Bill will be bringing 3 award winning cars from California to the Speed and Custom Show this year.

'34 Ford

'33 Willys 77

'68 Dodge Charger

Bill Ganahl was born into custom car culture. His father, Pat Ganahl, is a journalist in the field, having been the editor of Street Rodder Magazine, HotRod Magazine, Rod and Custom Magazine, and The Rodder's Journal, and also authoring technical guides, biographies, and cultural books on the hobby. Pat is a builder too, and Billy was raised in and around his dad's garage.

South City Rod and Custom is a full production shop, catering to Hot Rod and Custom car enthusiasts on every level.

They perform all types of service from repair work to full builds. They also share their shop space with Joe Compani of Compani Color, who has painted all of the cars that have been built at South City Rod and Custom, so all paint and body work is done in-house.

"Our mission at South City Rod and Custom is simply to do the best possible job at the most reasonable price. We will not cut corners just to keep costs low, but we will do exceptional work as efficiently as possible. You won't find a more honest and hard-working team."

FAST LANE ROD SHOP

DAVE LANE | www.FASTLANERODSHOP.COM

Dave Lane, from Iowa has been building cars full time for over 20 years! Now retired, he built one car at a time, from replicas to complete rebuilds, and did everything from the ground up including metal fabrication, painting, upholstery, etc.

Each project lasted from 18 months to 2-1/2 years each, working up to 80 hours a week. He has built cars for people all over the country, and gained national notoriety. He loves doing what he does and getting paid for it! These days he's become picky on who he works for, and prefers to be matched up with cars he really loves.! He really believes that he and his customer become a true team. Be sure to stop by and meet Dave at the show!

SCOTT SULLIVAN

PRO STREET BUILDER

Scott Sullivan was very iconic in the start of the Pro Street Movement in the mid 1980's. He is a renowned car builder and custom automotive designer known for his expertise in creating high-performance, meticulously crafted vehicles. He has built a reputation for his work on street rods, muscle cars, and high-end custom builds, often blending modern technology with classic designs. Scott is celebrated for his attention to detail, innovative engineering, and ability to bring a unique vision to life, making his creations highly sought after in the world of automotive enthusiasts. Be sure to stop by and see Scott at the show!

The Dukes will be celebrating a huge milestone next year, founded in 1946, they will celebrate 80 years as a club. The club got started because a few young men became infatuated with cars! A few famous members include John Force, who was a big drag racer and his brother Louie Force. Also, Charlie Ryan, a musician who wrote a song about his car, a Hot Rod Lincoln, a 1931 Model A Coupe with a V12 Lincoln engine. Their oldest living member is Don Audel, who joined the club in 1957.

The club currently has 123 members. To become a member you have to own a finished pre-1948 car, which has to be inspected for quality of work, then be invited by 3 sponsors and finally be voted into the club by other members!

The club meets the first Tuesday of every month, during the colder weather at Snoops Saloon in North Spokane, in nicer weather they meet at various members shops.

Every year the club produces an annual calendar and all proceeds go to the Vanessa Behan Crisis Nursery. These can be purchased at the General Store on Division in Spokane, or at various car events.

Be sure to stop by the Dukes display at the show, they will have 6 or so members cars there. Also, there will be other Dukes members showing their vehicles throughout the show, look for a Duke's plaque or sticker showing their proud membership of the Dukes!

You can get more information at their website, www.DukesAutoclub.com or by emailing info@dukesautoclub.com

Al Davis's 1934 Ford Pickup in 1967. "Al and his mom towed it home and were stopped by the police as this was a "wanted" car". The Duke's will be have this pickup in their show display, now in purple.

ATTITUDE

by Alloway

PAINT BY PPG

2015 America's Most Beautiful Roadster. Bobby Alloway has a history of making history. In fact, this is his second top win at the Grand National Roadster Show. And while this ride's beauty is more than skin deep, the blacker-than-midnight finish and sizzling flames exemplify his dedication to perfection. That's why when it's time to spray another flawless finish at Alloway's Hot Rod Shop, they use the paint with a reputation equal to the name above the door. **The DELTRON® System. An American Original.**

ROB WOLFE

OF AMERICAN PICKERS

With an impressive track record spanning over 35 years, Robert has tirelessly pursued his passion for all things vintage and motorized. His unrelenting quest has taken him to the far corners of the world, unearthing treasures and unraveling the captivating stories behind each piece he discovers.

As the brother of Mike Wolfe, Robert has had the honor of joining forces with him on the popular reality show, "American Pickers," featured on the History Channel. Together, they have traversed the length and breadth of the United States, delving into forgotten barns and garages, unearthing what they affectionately term "rusty gold."

Backed by a vast network and possessing an astute eye for rare finds, he is adept at facilitating acquisitions and locating specific items of interest. Robert is here to provide expert guidance, ensuring these cherished relics continue to enchant and inspire generations to come.

Catch Rob here at the show, and get an autograph!

NITRO-FEST 2025

Chris Davis from Spokane is the proud owner of a 1977 Trans Am Top Fuel Funny Car, and he will be running some of the National Hot Rod Association Heritage series as well as a few races here in the Spokane area. Chris says, "Spokane is our home track we're looking forward to the continued support of the Speed and Custom Show and debuting our new funny car. We are looking forward to seeing all of our friends and family at the show and we'll give everyone a taste of nitro with a couple Nitro Fire-UPS!"

BACK TO THE FUTURE

CELEBRATING 40 YEARS OF BACK TO THE FUTURE

Set in 1985, teenager, Marty McFly, is accidentally sent back to 1955 in a time-traveling DeLorean automobile built by his eccentric scientist friend Emmett "Doc" Brown, where he inadvertently prevents his future parents from falling in love – threatening his own existence – and is forced to reconcile them and somehow get back to the future.
