*Dave Jayne*  
"The Outdoor Insider"

We are getting the warm weather we have been waiting for. Some will consider it too hot. I am happy to have a top on my Smoker Craft. Plenty of shade when needed, and I have a portable mister that has saved the day many times in the heat of summer. Don't forget the sunscreen and take lots of water along when fishing during this season.

Father's Day is on June 15th this year, and that has been a special day for me. For many years my brother Rick and I would take our Dad fishing. We fished for kokanee on Lake Chelan, triploids on Rufus Woods, even perch fishing on one of the area's lakes. What

we fished for or what we caught wasn't as important as being together. Our Dad introduced us to fishing at an early age, and those experiences had impact in our later years. Rick was a professional fishing guide for 15 years, and my first real job was at Fishing and Hunting News in Seattle, where I was a staff writer and photographer. I contributed articles for a variety of fishing magazines after that and began doing fishing reports on KOZI radio in Chelan in the early 90s. This year my daughter Whitney is coming over and when she does, we usually go to Banks Lake to fish for bass and walleye. I remember the first time we fished for bass she learned to tie on her own hooks and release the fish. She has also demonstrated an ability to out-fish me for walleye, consistently landing larger fish than I do. This week's photo is of a whopper walleye that Whitney landed at Banks Lake a few years ago.

My good friend Brian Anantatmula called saying he was up for a quick trip to Lake Chelan, so I hooked up the Bob Feil Boats and Motors Smoker Craft and launched it Mill Bay. While he set up the rods and Scotty riggers, I motored down the lake to an area below Rocky Point that we both like to try for kokanee. I was watching the screen on the Garmin, hoping to see it light up with schools of kokanee, but it only showed a scattered few of them. After some loops through here, we joined a fleet of boats that were trolling across

from Lakeside Park. Although we had landed a couple of kokanee, we really hadn't found good numbers of them. I moved the boat into 50 feet of water above Lakeside and although we got a couple of cutthroat, we managed to put a few more kokanee in the cooler. One of the cutthroat was maybe the biggest one we have landed on Chelan. Once again, we found that pink colors, in Kokabow blades and spinners were working the best. The kokanee we caught were getting a little bigger than earlier this season, averaging between 10 and 11 inches.

Nic Alexander, is the president of Reel Recreation, the organization that conducts the Banks Lake Triple Fish Challenge. He and I have wanted to go bass fishing together for a long time. He said that Monday June 1st would be a special opportunity. That would be the day that the San Poil Arm of the Columbia River opened to fishing. We would be some of the first anglers to fish for smallmouth that day. So, I met him at the Keller Marina, and we crossed the Columbia and ran up the arm to the Power Lines. This has been a very productive spot for him over the years. However, the high winds the previous day had muddied the water, and although we did catch some smallmouth, it wasn't what he expected. We fished a bunch of his favorite holes with limited success and planned to come back when conditions were better. The highlight of the day was when we captured a Canada goose that we

noticed was in distress. Nic was able to get it in our landing net. It turns out that it had both feet tangled in fishing line, and even had a stick caught up in it. It was so exhausted it gave us no trouble while he held it, and I clipped off the line. I'm sure the bird will recover and survive. Exploring the San Poil Arm of Lake Roosevelt was a great experience, and I hope to get back up there soon. You can watch the video I did with Nic on the San Poil by going to the Dave Graybill YouTube channel or put this link in your browser: [www.YouTube/haltyXOIh\\_g](http://www.YouTube/haltyXOIh_g).

I got excited when I heard that the Colville Tribe had released a bunch of triploids into Rufus Woods. Earlier this spring they released thousands of them into the upper reservoir, and I took a few of my fishing friends up there. We had a ball catching and releasing rainbow that were from about a pound-and-a-half to two pounds. The recent release was of over 16,000 fish, weighing an average of 1.6 pounds, and included some jumbos of 8 to 9 pounds. The jumbos were put in the reservoir at Seatons Grove, the State Park and Willow Flats. I thought I could run up there and find these big ones and get a few for the smoker. I had Rollie Schmitt and Jim Passage along and had them believing I could put them on these big fish. Well, I was wrong. I looked all over the lower end and even off Brandts Landing and never did find them. There were anglers trolling the middle of reservoir and catching fish. One guy said he had a 10-pounder. I should have run up to the top end above the middle net pens like the last time. I really goofed on this one.

Also, coming up on Father's Day weekend is the 33rd Annual Pike Minnow Derby, conducted by the East Wenatchee Rotary Club. There are some significant changes that anglers should be aware of about this derby. Primarily, there will be cash payouts for the pike minnows turned into pay stations on the Columbia River. Those interested can go to [www.EWRotary.org](http://www.EWRotary.org) and fill out a form to register.

## June GARDENING TIPS

*Master Gardeners of Spokane County*

### MULCHING

Mulching helps control weeds & provides nutrients in the soil. There are many different effective ways to use mulch and compost in your yard & garden. For more detailed information please visit: <http://gardening.wsu.edu/compost-and-mulch/>

### DEADHEAD BLOOMS

Those late spring/early summer flowers are just so pretty! To keep them blooming year after year, remember to deadhead the blooms while keeping the leaves to nourish the bulbs and roots.

### PRUNE BLOOMING SHRUBS

Spring blooming shrubs (lilacs, forsythia, viburnum, etc.) can be pruned after the blooms are finished as they will bloom again on new wood the following year.

### HOUSEPLANTS CAN MOVE!

Now is the time to move your houseplants outside. Once the nighttime temps are around 50 it is safe to move plants outdoors. Remember, they are not used to direct sun, so put them in the shade for starters!

## WILD WEATHER, CRASHES WIPE OUT H1 HYDRO OPENER From NW Motorsports Report

Guntersville, AL – June 8, 2025 – The 2025 H1 Unlimited season kicked off under turbulent skies and intense moments as Guntersville Lake HydroFest, presented by Pinnacle Peak Consulting, delivered both thrilling speeds, unpredictable weather but ultimately no champion.

High winds and afternoon thunderstorms on Saturday halted additional racing. On Sunday, winds continued to disrupt the event, preventing all boats from entering the water and leading to the cancellation of the day's schedule.

The race had no winner according to H1 spokesperson, Janick Tétrault-Moise who indicated there were not enough heats run due to hazardous conditions.

The last race in Unlimited hydroplane racing where there was no official winner was the event at the Tri-Cities in 2009. The race was declared a "no race" after a major incident involving several boats, including Miss Alumax, caused it to be canceled.

There was, however, plenty of excitement.

Friday's schedule featured testing and time trials, where Andrew Tate stole the spotlight late in the day with a blistering lap at an average speed of 171.04 mph in the U-91 Goodman Real Estate.

Tate came just shy of breaking the all-time Guntersville qualifying speed of 171.294 mph, set by Dustin Echols in 2023 driving the U-40 Bucket List Racing. The difference? Just 30 feet —roughly the length of a single boat —separated Tate from a new course record.

Adding to the significance of the moment, Tate's father, Mark Tate, was the first driver to ever break the 170-mph average on Detroit's waters in 1993, driving the Winston Eagle and reaching 170.087 mph. With Andrew now

joining the elite "170 mph Club," the Tates become the first father-son duo to achieve this milestone in H1 Unlimited history.

Saturday's racing began with Heat 1A, featuring Andrew Tate in the U-91 Goodman Real Estate, Corey Peabody in the U-9 Beacon Plumbing, Jamie Nilsen in the U-11 Miss FLAV-R-Pac, and Dave Villwock in the U-27 Miss Apollo.

On the opening lap, Nilsen led the pack, but the race took a dramatic turn when the U-27 Miss Apollo lost control, resulting in a violent crash. Peabody's boat was also damaged, impacted by the heavy spray and debris caused by the incident. Had weather permitted, a return to the water may have been possible, though without its front canard.

Thankfully, no injuries were reported. Team owner Bruce Ratchford of BWR Racing confirmed that the U-27 will return for the Madison Regatta.

If repairs to the primary hull aren't completed in time, the team will field its backup boat, 'Sharky', the same hull previously driven by Andrew Tate in 2023 and campaigned for over a decade by Steve David and Jimmy Shane. The team remains committed to taking the necessary time to properly restore the U-27.

Despite the challenges, H1 Unlimited extends its sincere thanks to the fans, sponsors, volunteers, and the Guntersville Lake HydroFest organizing committee, including Marshall County Tourism & Sports, for their unwavering commitment and passion for boat racing," H1 said a statement.

The teams now turn their focus to Madison, Indiana, where one of the sport's most celebrated events will mark its 75th anniversary on the Ohio River from July 4-6.

## CAPPS, TORRENCE, ANDERSON, GADSON WIN AT THUNDER VALLEY | From NHRA media

BRISTOL, Tenn. (June 8, 2025) – Three-time Funny Car world champion Ron Capps became the all-time wins leader at Bristol Dragway on Sunday, snapping a 33-race winless streak by defeating Paul Lee in the final round of the 24th annual Super Grip NHRA Thunder Valley Nationals.

Steve Torrence (Top Fuel), Greg Anderson (Pro Stock) and Richard Gadson (Pro Stock Motorcycle) also won the eighth of 20 races during the 2025 NHRA Mission Foods Drag Racing Series season.

Capps made the best run of his weekend in the finals, going 3.957-seconds at 328.06 mph in his 12,000-horsepower NAPA Auto Care Toyota GR Supra to chase down Lee and win for the eighth time at Bristol Dragway, surpassing Tony Schumacher for the most in track history.

It also gave Capps a huge sigh of relief, snapping a long winless streak. His last victory before Sunday came at Indianapolis in 2023, but the veteran found his groove on Sunday in Thunder Valley, winning at the scenic track for the third time in four years. Capps knocked off Matt Hagan, Epping winner J.R. Todd and Dave Richards to reach the final, turning in a classic performance to get his 77th career win and moving to fourth in points.

"We're a single car team, and we can't lean on other teams so it's been a little more difficult," Capps said. "Even when we were struggling, I never once questioned Guido [crew chief Dean Antonelli]. I just knew we had to get better, and we stuck with the plan.

To reach the final, Torrence got past Dan

Mercier, Clay Millican and points leader Tony Stewart, defeating Stewart by .002 in a thrilling side-by-side semifinal duel.

On a historic day, Anderson earned his 1,000th round win in the Pro Stock semifinals and followed with his fourth win of the season, defeating teammate Dallas Glenn in the championship round with a weekend-best run of 6.623 at 205.91 in his HendrickCars.com Chevrolet Camaro. Anderson now has 110 career wins and joins John Force as the only drivers in NHRA history win 1,000 career rounds wins.

"This is pretty magical. I think I could call it a day and ride off into the sunset but I'm having too much damn fun right now," Anderson said.

For the first time, Richard Gadson is a winner in the Pro Stock Motorcycle ranks, defeating teammate Gaige Herrera in the final round, taking the holeshot victory on his RevZilla/Mission Foods/Vance & Hines Suzuki with a run of 6.884 at 196.30. Herrera went a quicker 6.882, but Gadson's stout .014 reaction time proved to be the difference at the finish line.

"The first thing is I'm exhausted. This has been hands down the most exhausting thing I've ever done I always knew I could do it. I really needed to win this for me," Gadson said.

The NHRA Mission Foods Drag Racing Series returns to action June 20-22 with the fifth annual American Rebel Light Virginia NHRA Nationals at Virginia Motorsports Park in Richmond, Va.
