Smoke from fires can be dangerous for everyone

Take these steps to protect your health

Stay informed on air quality

Visit WA Smoke Blog (www.wasmoke.blogspot.com) for current air quality conditions and smoke forecasts.

Pay attention to local news for health warnings and air quality reports in your area.

Avoid smoky air

People with health conditions, such as lung or heart diseases, diabetes, stroke survivors or have a cold, should limit their time outside, avoid intense physical activities & keep indoor air clean when smoke levels are "moderate."

Babies, children, people over 65, and pregnant women should follow this advice when smoke levels are "unhealthy for sensitive groups."

Everyone else should do this when smoke levels are "unhealthy for everyone."

Keep indoor air clean

Close windows & doors, pay attention to the heat, & stay hydrated.

Use fans or air conditioner (AC) when it's hot, & set your AC to recirculate. If you don't have an AC & it's too hot to stay home, go to a place with AC like a mall or library.

Don't smoke, use candles, or vacuum.

Use an air cleaner with a HEPA filter.

Contact your healthcare provider

If you have heart or lung diseases & your symptoms get worse around smoke, contact your healthcare provider.

Call 911 if you or someone else has serious symptoms—like trouble breathing.

www.doh.wa.gov/SmokeFromFires

DOH is committed to providing customers with forms and publications in appropriate alternate formats. Requests can be made by calling 800-525-0127 or by email at civil.rights@doh.wa.gov. TTY users dial 711.

Dave Graybill
"The Outdoor Insider"

I am sure many people are welcoming a cooling trend here in the region. It makes it more comfortable to be out on the water for sure. I am very pleased with the Smoker Craft I am driving this year, with the removable side, and back covers on a hard frame. I do have a portable mister that I put on board, for the really hot days.

I introduced Tom Verschueren to fishing for smallmouth bass many years ago on Banks Lake, and he instantly liked it. He likes catching bass on Moses Lake, too, and we headed down there last Wednesday. We dumped the Smoker Craft in at Peninsula Park and ran a short distance over to Gaileys Island. I kept an eye on my Garmin, as there are some shallow rocky points that extend quite a ways off the shore, and I also tilt the Mercury 250, so I don't drag the skag over them. I also trimmed the Minn Kota very high, so it wouldn't bump the rocks. As we made our way around the island, we landed some smallmouth and a largemouth and lost several fish as well. At one point, as we worked our way along the west shore of the island, I thought I was snagged on the bottom. In frustration I jerked very hard on my rod twice, trying to break free. To my surprised the rod jerked back! Turns out it was a big largemouth. It was big enough that when I tried to lift it into the boat it broke off. Boy, what a dumb move. This week's photo is of a small largemouth that I managed to land.

The announcement at the North of Falcon meeting in Wenatchee on March 18th that we may not have a summer run salmon season on the upper Columbia this year sent shock waves through the angling community. I was sitting next to Mike Mauk, who conducts the Brewster King Salmon Derby, and he just shrugged after seeing the presentation. "It is what it is", he said. "Guess it's going to be a sockeye derby this year." The WDFW representatives did say that their prediction was based on their forecasts and they could only hope that the return would surprise them. I know I am not alone when I log onto the Fish Count page on my website every day to see

the fish passage numbers at Bonneville Dam. I also looked at a Columbia River Joint Staff Report that stated that at the time of the review the sockeye return was at the lowest in ten years. The summer run count on Bonneville for June 12th showed a total of 21,000 had passed through the dam. The number of salmon that passed over the dam that day was ahead of the ten-year average of 1,813. Last year on this day the number was 1,842, and the current year's number was 1,894. I sure hope the trend continues!

The sockeye numbers are still below the ten-year average and behind last year's run incredible record return. When the run really hits at Bonneville the numbers soar, so keep your eyes on this one day-to-day.

As many of you know, I have a large catalogue of videos on my YouTube channel. There are over 275 videos in the collection, with over 2.5 million views of them. Some are short informational "How-Tos" and many show fishing destinations. I always include descriptions of where we are fishing and what we were using to catch the fish we are after. I recently posted two bass fishing videos. One on Moses Lake and the other on the San Poil Arm of Lake Roosevelt. Also, I have done a couple of series that show popular fishing lakes in the region. I did a series on Grant County lakes last year, and the year before that I did a series on the Grant County PUD Recreation Sites. In these videos I show the size of the sites or acres of the lakes, and the fishing opportunities available at them. I have just started a project for Okanogan

County Tourism and will be visiting 20 fishing destinations and shooting videos describing them and why anglers should add them to their list of places to go. So, look for six new videos soon on the Dave Graybill YouTube channel as I work through this project.

I managed to get all of these shot in one day. I started at Alta Lake, then drove up the Methow Valley, and took a right just below Twisp to shoot one on Davis Lake. From there I passed through the town of Winthrop and stopped at Pearygin Lake and then on to Patterson Lake. I headed back

down the valley and took a right at Pateros and took the short drive north of Brewster to Rat Lake. My last stop was at the Washburn Island Ponds, not far from the turn off to Bridgeport from Highway 97 to Highway 17. I should mention that many people know this lake as Chicken Creek, but it is listed as Washburn Island Pond in the Washington Sport Fishing pamphlet. It was a long but fun day. I talked to some great people at some of the lakes, and although I did experience some wind at some locations it didn't interfere with my shooting of the videos too badly. I encourage you to visit the Dave Graybill YouTube channel and let me know what you think of the work I am doing.

After the weekend I will be rolling up my sleeves and writing my next E-Letter. I will have some great information for folks on a variety of fisheries in the region. There are tremendous opportunities on our lakes and the Columbia River, and I will touch on them as I continue to keep an eye on the returns of summer Chinook and sockeye.

My next adventure will be to Banks Lake for Father's Day, with my daughter Whitney. She really likes fishing Banks for smallmouth bass but has also had some spectacular success with walleye. My friend Brian Nielson, of BJ's Guide Service, sent me a great report on walleye fishing recently on Banks Lake, so we may spend more time trying for them. We don't fish very hard and take swim breaks and generally just enjoy being together on one of our region's most scenic fishing destinations. I hope all of you Dads have wonderful special day.

SPRINT BOATS RETURN TO ST. JOHN, JUNE 21

The aerial view of the Webb's Slough racetrack and the town of St. John in the distance. Webb's Slough photos

ST. JOHN, Washington (June 19, 2025) — The relative quiet of the Palouse will be shattered Saturday, June 21 when the first of two sprint 2025 boat races take place at Webb's Slough.

This is the 34th race at Webb's Slough which opened in 2007. There is an additional facility in Port Angeles, Wash. on the Olympic Peninsula.

Three classes of boats will compete, including Modifieds, 400's and Unlimiteds with 30 boats expected.

While the boats all look very similar on the outside, there is a notable difference between the classes according to spokesperson, Casey Willson.

"The biggest difference is how much cubic inch displacement the motor is allowed to have," Willson wrote in an email.

Modified motors are required to have a maximum cubic inch displacement of 367 while the 400 class motors can have between 368 and 412 CID.

"Unlimited is just as it sounds, they may have as large of a motor as they would like," Willson explained. "They have few restrictions and can use any type of fuel including methanol."

In competition, the teams which include a driver and navigator, drive a specific course that has multiple left and right hand turns. The quickest time over several runs

is the winner.

"All of our teams are amazing," Willson said. "It takes a lot of skill and a need for speed to perform as well as these teams do."

Teams that include colorful names like Overkill, Jolly Rogers, Poison Ivy, Pure Insanity and Punisher.

"We have racers coming from near and far. Some as close as Spokane, Spangle and Lewiston. While others are coming from New Zealand, Australia and Canada," Willson said.

Sprint boats also sometimes race on area rivers like the Clearwater near Lewiston, Idaho and Salmon around Riggins.

"Some of these boats run on the rivers but they excel in tight corners and hairpin turns," Willson said.

Race viewing takes place up close in seating near the track, or from five grass terraces on an adjacent hillside. The facility offers a variety of food vendors as well as two beer gardens.

Gates open at 9 a.m., racing starts at 10. For information or to purchase tickets visit www.WebbsSlough.com.

Fans are invited to meet the teams and see the boats up close at the Show n' Shine downtown St. John, Friday, June 20 from 4pm - 6:30 p.m.

A second event takes place Aug. 23.

VAN GISBERGEN DOMINATES IN MEXICO CITY By Holly Cain, NASCAR Wire Service

MEXICO CITY (June 15, 2025) – An overcast sky and early afternoon drizzle could not dampen the enthusiasm or energy of the huge crowd at Mexico City's Autodromo Hermanos Rodriguez Sunday for the first points-paying NASCAR Cup Series race outside the United States in half a century.

And they were not disappointed.

As he did at another NASCAR's "inaugural race" – on the streets of Chicago two years ago in his series debut - New Zealander Shane Van Gisbergen, 36, prevailed again. This time, driving the No. 88 Chevrolet for Trackhouse Racing, he claimed a huge 16.567-second victory over Joe Gibbs Racing's Christopher Bell in the Viva Mexico 250 – the largest margin of victory of the season.

The three-time Australian Supercars champion Van Gisbergen – in his first full-time season at the NASCAR Cup Series level – won pole position and led 60 of the race's 100 laps, including the final 32, easily pulling away from the field to claim his first ever berth in the NASCAR Cup Series Playoffs with the win.

"What a week, I've really enjoyed myself here, but felt like rubbish this morning," said Van Gisbergen, who's victory was only his second top-10 finish of the season.

As thrilled as the crowd may have been to

watch Van Gisbergen's masterwork, there was no doubt they were there to cheer on his Trackhouse teammate, Mexico-native Daniel Suárez, who was celebrated as a hero after his win in Saturday's NASCAR Xfinity Series race.

The grandstands chanted "Dan-iel Dan-iel" and held up signs of support. And Suárez was emotional standing by his car on the starting grid as a local children's choir sang the Mexican National Anthem before the race. Ultimately, he ended up 19th.

The victory was particularly rewarding for Van Gisbergen, considering the amount of adversity he faced this week in Mexico. He was sick to his stomach Sunday morning and his crew showed up a day later than the other teams after some travel challenges.

Not only did Van Gisbergen prevail in some tough circumstances, Bell's work was also impressive, considering he finished runner-up after starting 31st.

John Hunter Nemechek, Chase Briscoe, Cole Custer, championship points leader William Byron and Chris Buescher rounded out the top-five.

The series returns stateside for The Great American Getaway 400 (2 p.m. ET, Amazon Prime, MRN, SiriusXM NASCAR Radio) at Pocono Raceway, June 22.
